

What Do I Know?

CCRA.R.10

As you read through a section of the book, *Jane Austen for Kids*, look for three key things. Look for at least one fact that you already knew, and write it down in the top space. Look for one brand new fact that you did not know before, and write it down in the middle space. Then look for something that makes you think of a question to ask. Write your question in the bottom space.
